“ I have known Clarence since the early 60's. He was the father of my high school girl-friend, I bowled with him and played dart ball against him. I feared him when I dated Vonnie. I enjoyed his competitive spirit when we bowled and played dart ball. My deepest sympathies for your loss. Jim Johnson

“ I can't thank you enough for all your help while at Cumberland Memorial Hospital. Everything you touched turned out in working order once again thanks to your skill set. Your sense of humor was something I always liked and seemed to round out your no nonsense approach to things. Thanks for being such a good sport too when I mentioned your name in the Christmas Story which I rewrote mentioning many people from the hospital at a Christmas party and spoofed them a bit. I never forgot you when you guys left Cumberland years ago and still have a special spot in my heart for you. You're in my prayers my friend. Your work is over. Now all you need to do is rest in the comfort of the good Lord. I hope to see you there some day! Oh the stories we will share and the laughs will be many!
